Independent Auditor's Report

To the Board of Trustees
Kaufman Independent School District
Kaufman, Texas

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Kaufman Independent School District (the District), as of and for the year ended August 31, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. This includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standard* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Kaufman Independent School District as of August 31, 2021, and the respective changes in financial position and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the *management's discussion and analysis* on pages 5 through 10 and the *pension and OPEB schedules* on pages 50 through 56 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Kaufman Independent School District's basic financial statements. The combining and individual nonmajor fund financial statements and the required TEA schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance, and is also not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements, the required TEA schedules, and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, the required TEA schedules, and the Schedule of Expenditures of Federal Awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 30, 2021 on our consideration of Kaufman Independent School District's internal control over financial reporting and on our test of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Kaufman Independent School District's internal control over financial reporting and compliance.

**KAUFMAN INDEPENDENT SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED AUGUST 31, 2021
(UNAUDITED)**

As management of Kaufman Independent School District, we offer readers of the District's financial statement this narrative overview and analysis of the financial activities of the District for the year ended August 31, 2021. Please read this narrative in conjunction with the independent auditors' report on page 3, and the District's Basic Financial Statements that begin on page 12.

FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of resources of Kaufman Independent School District exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$19,838,863 (net position). Of this amount, (\$3,079,721) represents negative unrestricted net position.
- The District's total net position increased by \$3,665,432 during the current fiscal year.
- As of the close of the current fiscal year, the District's governmental funds reported combined ending fund balances of \$27,443,630. Over 75% of this total amount (\$20,844,477) is unassigned and available for use within the District's fund balance policies.
- At the end of the current fiscal year, unassigned fund balance for the general fund was \$20,844,477 or 54.6% of the total general fund expenditures.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of a series of financial statements. The government-wide financial statements include the Statement of Net Position and the Statement of Activities (on pages 12 and 13). These provide information about the activities of the District as a whole and present a longer-term view of the District's property and debt obligations and other financial matters. They reflect the flow of total economic resources in a manner similar to the financial reports of a business enterprise.

Fund financial statements (starting on page 14) report the District's operations in more detail than the government-wide statements by providing information about the District's most significant funds. For governmental activities, these statements tell how services were financed in the short term as well as what resources remain for future spending. They reflect the flow of current financial resources, and supply the basis for tax levies and the appropriations budget. The remaining statements, fiduciary statements, provide financial information about activities for which the District acts solely as a trustee or agent for the benefit of those outside of the District.

The notes to the financial statements (starting on page 21) provide narrative explanations or additional data needed for full disclosure in the government-wide statements or the fund financial statements.

The combining statements for nonmajor funds contain even more information about the District's individual funds. The sections labeled TEA Required Schedules and Federal Awards Section contain data used by monitoring or regulatory agencies for assurance that the District is using funds supplied in compliance with the terms of grants.

Reporting the District as a Whole

The Statement of Net Position and the Statement of Activities

The analysis of the District's overall financial condition and operations begins on page 12. Its primary purpose is to show whether the District is better off or worse off as a result of the year's activities. The Statement of Net Position includes all the District's assets and deferred outflows of resources; and liabilities and deferred inflows of resources at the end of the year while the Statement of Activities includes all revenues and expenses generated by the District's operations during the year. These apply the accrual basis of accounting (the basis used by private sector companies).

All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid. The District's revenues are divided into those provided by outside parties who share the costs of some programs, such as tuition received from students from outside the district and grants provided by the U.S. Department of Education to assist children with disabilities or from disadvantaged backgrounds (program revenues), and revenues provided by the taxpayers or by TEA in equalization funding processes (general revenues). All the District's assets and deferred outflows of resources are reported whether they serve the current year or future years. Liabilities and deferred inflows of resources are considered regardless of whether they must be paid in the current or future years.

These two statements report the District's net position and changes in net position. The District's net position (the difference between assets and deferred outflows of resources; less liabilities and deferred inflows of resources) provide one measure of the District's financial health, or financial position. Over time, increases or decreases in the District's net position is one indicator of whether its financial health is improving or deteriorating. To fully assess the overall health of the District, however, you should consider nonfinancial factors as well, such as changes in the District's average daily attendance or its property tax base and the condition of the District's facilities.

In the Statement of Net Position and the Statement of Activities, we divide the District into two kinds of activities:

- Governmental activities—Most of the District's basic services are reported here, including the instruction, counseling, co-curricular activities, food services, transportation, maintenance, community services, and general administration. Property taxes, tuition, fees, and state and federal grants finance most of these activities.
- Business-type activities—The District does not have any programs in which it charges a fee to "customers" to help it cover all or most of the cost of services it provides. Thus, the District had no business-type activities during the current fiscal year.

Reporting the District's Most Significant Funds

Fund Financial Statements

The fund financial statements begin on page 14 and provide detailed information about the most significant funds—not the District as a whole. Laws and contracts require the District to establish some funds, such as grants received from the U.S. Department of Education. The District's administration establishes many other funds to help it control and manage money for particular purposes (like campus activities).

Governmental funds—Most of the District’s basic services are reported in governmental funds. These use modified accrual accounting (a method that measures the receipt and disbursement of cash and all other financial assets that can be readily converted to cash) and report balances that are available for future spending. The governmental fund statements provide a detailed short-term view of the District’s general operations and the basic services it provides. We describe the differences between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds in reconciliation schedules following each of the fund financial statements.

The District as Trustee

Reporting the District’s Fiduciary Responsibilities

The District is the trustee, or custodian, for money raised by student activities. The District’s custodial activity is reported in a separate Statement of Custodial Net Position on page 19 and a Statement of Changes in Custodial Net Position on page 20. We exclude these resources from the District’s other financial statements because the District cannot use these assets to finance its operations. The District is only responsible for ensuring that the assets reported in this fund are used for their intended purposes.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The analysis below presents both current and prior year data and discusses significant changes in the accounts. Our analysis focuses on the net position (Table I) and changes in net position (Table II) of the District’s governmental activities.

Net position of the District’s governmental activities increased from \$15,917,459 to \$19,838,863. Unrestricted net position – the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements – was (\$3,079,721) at August 31, 2021. The increase in governmental net position was primarily the result of the increase in the Governmental Funds fund balances.

Table I
NET POSITION

	Governmental Activities	
	2021	2020
Current and other assets	\$ 31,036,561	\$ 26,643,298
Capital assets	91,849,779	94,527,045
Total assets	122,886,340	121,170,343
Deferred outflows of resources	6,766,955	8,342,029
Long-term liabilities	96,666,800	102,644,857
Other liabilities	2,930,601	3,125,133
Total liabilities	99,597,401	105,769,990
Deferred inflows of resources	10,217,031	7,824,923
Net Position:		
Net investment in capital assets	17,216,764	17,315,651
Restricted	5,701,820	5,048,361
Unrestricted	(3,079,721)	(6,446,553)
Total Net Position	\$ 19,838,863	\$ 15,917,459

At the end of the current fiscal year, the District reports a deficit balance in unrestricted net position, while reporting a positive balance in net investment in capital assets and restricted net position. The District's net position increased \$3,665,432 during the current fiscal year.

Table II
CHANGES IN NET POSITION

	Governmental Activities	
	2021	2020
Revenues:		
Program Revenues:		
Charges for services	\$ 1,166,560	\$ 1,054,229

Debt service taxes	3,622,399	3,594,658
State aid	27,501,345	28,342,460
Grants and contributions not restricted	679,195	-
Investment earnings	161,070	346,931
Miscellaneous	154,415	121,174
Total Revenue	<u>52,572,400</u>	<u>52,281,029</u>
Expenses:		
Instruction, curriculum and media services	28,887,183	28,774,176
Instructional and school leadership	3,029,653	3,059,494
Student support services	3,665,780	3,655,412
Food services	1,745,254	2,111,040
Extracurricular activities	1,628,075	1,654,626
General administration	1,186,337	1,124,759
Plant maintenance, security and data processing	5,941,439	5,524,241
Community services	46,428	52,879
Debt services	2,571,569	2,621,403
Facilities acquisition, construction	40,859	52,088
Intergovernmental charges	164,391	157,114
Total Expenses	<u>48,906,968</u>	<u>48,787,232</u>
Increase (decrease) in net position	3,665,432	3,493,797
Net Position - beginning of year	15,917,459	12,423,662
Prior period adjustment	255,972	-
Net Position - end of year	<u>\$ 19,838,863</u>	<u>\$ 15,917,459</u>

Although this financial report presents an acceptable fund balance in the General and Debt Service Funds, a number of adjustments were necessary in the preparation of the 2020-21 Budget to enable the District to maintain a sound financial position.

- General Fund expenditures increased 3.8% due primarily to higher staff compensation costs and increased capital outlay. General Fund revenues increased 1.0% due to higher local tax collections.
- The District's maintenance and operations tax rate decreased from \$1.0683 per \$100 valuation to \$0.963 per \$100 valuation. The Debt Service tax rate remained \$0.38 per \$100 valuation. The District's taxable property value increased 9.1%.

The cost of all governmental activities for the current fiscal year was \$48,906,968. However, as shown in the Statement of Activities on page 13, the amount that our taxpayers ultimately financed for these activities through District taxes was only \$14,385,176 because some of the costs were paid by those who directly benefited from the programs (\$1,166,560) or by other governments and organizations that subsidized certain programs with grants and contributions (\$8,524,639) or by State equalization funding (\$27,501,345).

THE DISTRICT'S FUNDS

As the District completed the year, its governmental funds (as presented in the balance sheet on page 14) reported a combined fund balance of \$27,443,630, which is \$4,250,713 more than last year's total of \$22,936,945. Included in this year's total change in fund balance is an increase of \$3,767,377 in the District's General Fund. The Debt Service Fund fund balance increased \$154,780.

Over the course of the year, the Board of Trustees revised the District's budget several times. These budget amendments fall into three categories. The first category includes amendments and supplemental appropriations that were approved shortly after the beginning of the year and reflect the actual beginning balances (versus the amounts we estimated in August 2020). The second category includes changes that the Board made during the year to reflect new information regarding revenue sources and expenditure needs. The primary amendment was for additional facilities acquisition and construction budgeted for land acquisition and other construction projects. The third category involves amendments moving funds from programs that did not need all the resources originally appropriated to them to programs with resource needs.

The District's General Fund balance of \$23,406,099 reported on page 15 differs from the General Fund's budgetary fund balance of \$17,990,721 reported in the budgetary comparison schedule on page 18. This is principally due to cost savings in all functional categories and revenues higher than budgeted amounts.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At August 31, 2021, the District had \$91,849,779 invested in a broad range of capital assets, including facilities and equipment for instruction, transportation, athletics, administration, and maintenance. This amount represents a net decrease of \$2,677,266, or 2.8 percent less than last year.

More detailed information about the District's capital assets is presented in Note 4 to the financial statements.

Debt Administration

At August 31, 2021, the District had \$75,221,832 in bonds and notes outstanding versus \$77,853,740 last year—a decrease of \$2,631,908. The District's general obligation bond rating is AAA (as a result of guarantees of the Texas Permanent School Fund) according to national rating agencies.

More detailed information about the District's long-term liabilities is presented in Note 6 to the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

- General Fund revenue from the State is budgeted to decrease approximately \$1.0 million due to higher local taxable property values.
- Expenditures are budgeted to increase approximately \$1.5 million due primarily to higher personnel costs and planned capital expenditures.
- The District's maintenance and operations tax rate decreased from \$0.963 per \$100 valuation to \$0.9603 per \$100 valuation due to rate compression required by State funding legislation. The debt service tax rate increased from \$0.3246 per \$100 valuation to \$0.3273 per \$100 valuation.
- The 2021-2022 budget has budgeted revenue equal to budgeted expenditures (\$39.6 million).

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the District's business office, at Kaufman Independent School District, 1000 S. Houston Street, Kaufman, Texas 75142 (972) 932-2622.

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE
STATEMENT OF NET POSITION
AUGUST 31, 2021

EXHIBIT C-2

Total Fund Balances - Governmental Funds	\$ 27,443,630
1 Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the fund financial statements.	145,137,221
2 Accumulated depreciation is not reported in the fund financial statements.	(53,287,442)
3 Bonds payable, capital leases payable, and loans payable are not reported in the fund financial statements.	(69,525,000)
4 Premiums and discounts on outstanding bonds payable are not recognized in the fund financial statements.	(5,696,832)
5 Property tax revenue reported as unavailable revenue in the fund financial statements is recognized as revenue in the government-wide financial statements.	780,290
6 Interest on outstanding debt is accrued in the government-wide financial statements, whereas in the fund financial statements interest expenditures are reported when due.	(117,960)
7 The deferred charge on bond refundings is not recognized in the fund financial statements.	588,817
8 Included in the items related to government-wide long-term debt is the recognition of the District's proportionate share of the net pension liability required by GASB #68 and #71 in the amount of \$10,382,660, Deferred Inflows of Resources related to TRS in the amount of \$1,791,180, and Deferred Outflows of Resources related to TRS in the amount of \$4,144,466. This results in a net decrease in Net Position in the amount of \$8,029,374.	(8,029,374)
9 Included in the items related to government-wide long-term debt is the recognition of the District's proportionate share of the net Other Post-Employment Benefit (OPEB) liability required by GASB 75 in the amount of \$11,062,308, a Deferred Resource Inflow related to TRS OPEB in the amount of \$8,425,851, and a Deferred Resource Outflow related to TRS OPEB in the amount of \$2,033,672. This results in a net decrease in Net Position in the amount of \$17,454,487.	(17,454,487)
19 Net Position of Governmental Activities	\$ 19,838,863

KAUFMAN INDEPENDENT SCHOOL DISTRICT
RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED AUGUST 31, 2021

EXHIBIT C-4

Total Net Change in Fund Balances - Governmental Funds	\$ 4,250,713
Current year capital asset additions are expenditures in the fund financial statements, but they are shown as increases in capital assets in the government-wide financial statements. The effect of reclassifying the current year capital asset additions is to increase net position.	1,127,227
Depreciation is not recognized as an expense in government funds since it does not require the use of current financial resources. The effect of the current year's depreciation expense is to decrease net position.	(3,795,618)
Current year long-term debt principal payments on loans payable, capital leases payable, and bonds payable are expenditures in the fund financial statements, but are shown as reductions in long-term debt in the government-wide financial statements.	2,380,594
Interest is accrued on outstanding debt in the government-wide financial statements, whereas in the fund financial statements, interest expenditures are reported when due.	2,192
Revenues from property taxes are recorded as unavailable revenue in the fund financial statements until they are considered available to finance current expenditures, but such revenues are recognized when assessed, net of an allowance for uncollectible amounts, in the government-wide financial statements.	78,918
Current year amortization of the premiums/discounts on bonds payable is not recognized in the fund financial statements, but is shown as an increase in long-term debt in the government-wide financial statements.	251,314
Current year amortization of the deferred charge on bond refundings is not recognized in the fund financial statements, but is shown as a reduction of the deferred charge in the government-wide financial statements.	(53,529)
The fund financial statements report the proceeds from capital asset dispositions whereas the government-wide financial statements report the gain on the dispositions.	(8,875)
The implementation of GASB 68 required that certain expenditures be de-expended and recorded as deferred resource outflows. TRS contributions made after the measurement date of 8/31/20 caused the change in the ending net position to increase by \$23,679. These contributions were replaced with the District's pension expense for the year of \$919,936, which caused a decrease in the change in net position. The net effect of these is to decrease the change in net position by \$896,257.	(896,257)
The implementation of GASB 75 required that certain expenditures be de-expended and recorded as deferred resource outflows. TRS OPEB contributions made after the measurement date of 8/31/2020 but during the current fiscal year caused the ending net position to decrease in the amount of \$2,091. These contributions were replaced with the District's negative OPEB expense for the year of \$330,844, which caused an increase in the change in net position. The net effect of these is to increase the change in net position by \$328,753.	328,753
Change in Net Assets of Governmental Activities	\$ 3,665,432

The notes to the financial statements are an integral part of this statement.

KAUFMAN INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2021

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Kaufman Independent School District's (the "District") combined financial statements have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units in conjunction with the Texas Education Agency's Financial Accountability System Resource Guide (FAR). The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant accounting policies of the District are described below.

A. REPORTING ENTITY

The Board of Trustees, a seven member group, has fiscal accountability over all activities related to public elementary and secondary education within the jurisdiction of the District. The board of trustees is elected by the public. The trustees as a body corporate have the exclusive power and duty to govern and oversee the management of the public schools of the District. All powers and duties not specifically delegated by statute to the Texas Education Agency (Agency) or to the State Board of Education are reserved for the trustees, and the Agency may not substitute its judgment for the lawful exercise of those powers and duties by the trustees. The District is not included in any other governmental "reporting entity" as defined in Section 2100, Codification of Governmental Accounting and Financial Reporting Standards.

The District's basic financial statements include the accounts of all District operations. The criteria for including organizations as component units within the District's reporting entity, as set forth in Section 2100 of GASB's Codification of Governmental Accounting and Financial Reporting Standards, include whether:

- the organization is legally separate (can sue and be sued in their own name)
- the District holds the corporate powers of the organization
- the District appoints a voting majority of the organization's board
- the District is able to impose its will on the organization
- the organization has the potential to impose a financial benefit/burden on the District
- there is fiscal dependency by the organization on the District

Based on the aforementioned criteria, Kaufman Independent School District has no component units.

B. BASIS OF PRESENTATION

The government-wide financial statements (the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the District. The effect of interfund activity, within the governmental and business-type activities columns, has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely, to a significant extent on fees and charges for support. The District had no business-type activities.

The statement of activities demonstrates the degree to which the direct expenses of a given program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific program. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given program and 2) operating or capital grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Taxes and other items not properly included among program revenues are reported instead as general revenues.

KAUFMAN INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2021

Fund Financial Statements:

The District segregates transactions related to certain functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. These statements present each major fund as a separate column on the fund financial statements; all non-major funds are aggregated and presented in a single column.

Governmental funds are those funds through which most governmental functions typically are financed. The measurement focus of governmental funds is on the sources, uses and balance of current financial resources. The District has presented the following major governmental fund:

1. **General Fund** - This fund is established to account for resources financing the fundamental operations of the District, in partnership with the community, in enabling and motivating students to reach their full potential. All revenues and expenditures not required to be accounted for in other funds are included here. This is a budgeted fund and any fund balances are considered resources available for current operations. Fund balances may be appropriated by the Board of Trustees to implement its responsibilities.
2. **Debt Service Fund** - This fund is established to account for payment of principal and interest on long-term general obligation debt and other long-term debts for which a tax has been dedicated. This is a budgeted fund. Any unused debt service fund balances are transferred to the General Fund after all of the related debt obligations have been met.

Additionally, the District reports the following fund types:

1. **Special Revenue Funds** - These funds are established to account for federally financed or expenditures legally restricted for specified purposes. In many special revenue funds, any unused balances are returned to the grantor at the close of specified project periods. For funds in this fund type, project accounting is employed to maintain integrity for the various sources of funds.
2. **Capital Projects Fund** - This fund is established to account for proceeds, from the sale of bonds and other resources to be used for Board authorized acquisition, construction, or renovation, as well as, furnishings and equipping of major capital facilities. Upon completion of a project, any unused bond proceeds are transferred to the Debt Service Fund and are used to retire related bond principal.
3. **Custodial Funds** - These funds are used to account for activities of student groups and other organizational activities on a fiduciary basis. If any unused resources are declared surplus by the student groups, they are transferred to the General Fund with a recommendation to the Board for an appropriate utilization through a budgeted program.

C. MEASUREMENT FOCUS/BASIS OF ACCOUNTING

Measurement focus refers to what is being measured; basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

KAUFMAN INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2021

The government-wide statements are reported using the economic resources measurement focus and the accrual basis of accounting. The economic resources measurement focus means all assets and deferred outflows of resources; and liabilities and deferred inflows of resources (whether current or non-current) are included on the statement of net position and the operating statements present increases (revenues) and decreases (expenses) in net total position. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recognized at the time the liability is incurred.

Governmental fund financial statements are reported using the current financial resources measurement focus and are accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual; i.e., when they become both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The District considers property taxes as available if they are collected within 60 days after year-end. A one-year availability period is used for recognition of all other Governmental Fund revenues. Expenditures are recorded when the related fund liability is incurred. However, debt service expenditures, as well as expenditures related to compensated absences are recorded only when payment is due.

The fiduciary net position of the Teacher Retirement System of Texas (TRS) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities and additions to/deductions from TRS's fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

The fiduciary net position of the Teacher Retirement System of Texas (TRS) TRS-Care Plan has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to other post-employment benefits, OPEB expense, and information about assets, liabilities and additions to/deductions from TRS-Care's fiduciary net position. Benefit payments are recognized when due and payable in accordance with the benefit terms. There are no investments as this is a pay-as-you-go plan and all cash is held in a cash account.

The revenues susceptible to accrual are property taxes, charges for services, interest income and intergovernmental revenues. All other Governmental Fund Type revenues are recognized when received.

Revenues from state and federal grants are recognized as earned when the related program expenditures are incurred. Funds received but unearned are reflected as deferred revenues, and funds expended but not yet received are shown as receivables.

Revenue from investments, including governmental external investment pool, is based upon fair value. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. Most investments are reported at amortized cost when the investments have remaining maturities of one year or less at time of purchase. External investment pool are permitted to report short-term debt investments at amortized cost, provided that the fair value of those investments is not significantly affected by the impairment of the credit standing of the issuer, or other factors. For that purpose, a pool's short-term investments are those with remaining maturities of up to ninety days.

KAUFMAN INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2021

In accordance with the FAR, the District has adopted and installed an accounting system which exceeds the minimum requirements prescribed by the State Board of Education and approved by the State Auditor. Specifically, the District's accounting system uses codes and the code structure presented in the Accounting Code Section of the FAR.

D. BUDGETARY CONTROL

Formal budgetary accounting is employed for all required Governmental Fund Types, as outlined in TEA's FAR module, and is presented on the modified accrual basis of accounting consistent with generally accepted accounting principles. The budget is prepared and controlled at the function level within each organization to which responsibility for controlling operations is assigned.

The official school budget is prepared for adoption for required Governmental Fund Types prior to August 20 of the preceding fiscal year for the subsequent fiscal year beginning September 1. The budget is formally adopted by the Board of Trustees at a public meeting held at least ten days after public notice has been given. The budget is prepared by fund, function, object, and organization. The budget is controlled at the organizational level by the appropriate department head or campus principal within Board allocations. Therefore, organizations may transfer appropriations as necessary without the approval of the board unless the intent is to cross fund, function or increase the overall budget allocations. Control of appropriations by the Board of Trustees is maintained within Fund Groups at the function code level and revenue object code level.

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for the General Fund, the Debt Service Fund and the Food Service Fund. The other special revenue funds adopt project-length budgets which do not correspond to the District's fiscal year. Each annual budget is presented on the modified accrual basis of accounting. The budget is amended throughout the year by the Board of Trustees. Such amendments are reflected in the official minutes of the Board.

A reconciliation of fund balances for both appropriated budget and nonappropriated budget special revenue funds is as follows:

August 31, 2021	
<u>Fund Balance</u>	
Appropriated Budget Funds - Food Service Special Revenue Fund	\$ 585,247
Nonappropriated Budget Funds	<u>594,174</u>
All Special Revenue Funds	<u>\$1,179,421</u>

E. ENCUMBRANCE ACCOUNTING

The District employs encumbrance accounting, whereby encumbrances for goods or purchased services are documented by purchase orders and contracts. An encumbrance represents a commitment of Board appropriation related to unperformed contracts for goods and services. The issuance of a purchase order or the signing of a contract creates an encumbrance but does not represent an expenditure for the period, only a commitment to expend resources. Appropriations lapse at August 31 and encumbrances outstanding at that time are either canceled or appropriately provided for in the subsequent year's budget. The District had no material encumbrances outstanding at August 31, 2021.

KAUFMAN INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2021

F. PREPAID ITEMS

Prepaid balances are for payments made by the District in the current year to provide services occurring in the subsequent fiscal year, and the nonspendable fund balance has been recognized to signify that a portion of fund balance is not available for other subsequent expenditures.

G. INVENTORIES

The District records purchases of supplies and materials as expenditures.

H. INTERFUND RECEIVABLES AND PAYABLES

Short-term amounts owed between funds are classified as "Due to/from other funds". Interfund loans are classified as "Advances to/from other funds" and are offset by a fund balance reserve account.

I. CAPITAL ASSETS

Capital assets, which includes property, plant, equipment, and infrastructure assets, are reported in the applicable governmental activities columns in the government-wide financial statements. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their fair market value on the date donated. Repairs and maintenance are recorded as expenses. Renewals and betterments are capitalized. Interest has not been capitalized during the construction period on property, plant and equipment.

Assets capitalized have an original cost of \$5,000 or more and over one-year of useful life. Depreciation has been calculated on each class of depreciable property using the straight-line method. Estimated useful lives are as follows:

Buildings	40 Years
Furniture and Equipment	5-20 Years

J. DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

Deferred outflows and inflows of resources are reported in the statement of financial position as described below:

A deferred outflow of resources is a consumption of a government's net assets (a decrease in assets in excess of any related decrease in liabilities or an increase in liabilities in excess of any related increase in assets) by the government that is applicable to a future reporting period. The District has three items that qualify for reporting in this category:

Deferred outflows of resources for refunding - Reported in the government-wide statement of net position, the deferred charge on bond refundings results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The amount of deferred outflows reported in the governmental activities for the deferred charge on bond refundings at August 31, 2021 was \$588,817.

KAUFMAN INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2021

Deferred outflows of resources for pensions - Reported in the government-wide financial statement of net position, this deferred outflow results from pension plan contributions made after the measurement date of the net pension liability and the results of differences between expected and actual actuarial experiences. The deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the next fiscal year. The other pension related deferred outflows will be amortized over the expected remaining service lives of all employees (active and inactive employees) that are provided with pensions through the pension plan which is currently approximately 6.7 years.

The amount of deferred outflows reported in the governmental activities for deferred pension expenses at August 31, 2021 was \$4,144,466.

Deferred outflows of resources for OPEB- Reported in the government-wide financial statement of net position, this deferred outflow results from OPEB plan contributions made after the measurement date of the net OPEB liability and the results of differences between expected and actual investment earnings and changes in proportionate share. The deferred outflows of resources related to OPEB resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the next fiscal year. The other OPEB related deferred outflows will be amortized over the expected remaining service lives of all employees (active and inactive employees) that are provided with OPEB through the OPEB plan which is currently approximately 8.6 years. The amount of deferred outflows reported for deferred OPEB expense at August 31, 2021 was \$2,033,672.

A deferred inflow of resources is an acquisition of a government's net assets (an increase in assets in excess of any related increase in liabilities or a decrease in liabilities in excess of any related decrease in assets) by the government that is applicable to a future reporting period. The District has three items that qualify for reporting in this category:

Deferred inflows of resources for unavailable revenues - Reported only in the governmental funds balance sheet, unavailable revenues from property taxes arise under the modified accrual basis of accounting. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The District reported property taxes that are unavailable as deferred inflows of resources in the fund financial statements. The amount of deferred inflows of resources reported in the governmental funds at August 31, 2021 was \$780,290.

Deferred inflows of resources for pensions - Reported in the government-wide financial statement of net position, these deferred inflows result primarily from differences between projected and actual earnings on pension plan investments and other actuarial and other assumption differences. These amounts will be amortized over a closed 5 year period. In fiscal year 2021, the District reported deferred inflows of resources for pensions in the governmental activities in the amount of \$1,791,180.

Deferred inflows of resources for OPEB - Reported in the government-wide financial statement of net position, these deferred inflows result primarily from differences between expected and actual experience and from changes in assumptions. These amounts will be amortized over the average expected remaining service life (AERSL) of all members (8.6 years for the 2020 measurement year). In fiscal year 2021, the District reported deferred inflows of resources for OPEB in the governmental activities in the amount of \$8,425,851.

KAUFMAN INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2021

K. COMPENSATED ABSENCES

It is the District's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. There is no liability for unpaid accumulated sick leave since the District does not have a policy to pay any amounts when employees separate from service with the District. All vacation pay is accrued when incurred in the government-wide, proprietary, and fiduciary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

L. CASH EQUIVALENTS

Investments are considered to be cash equivalents if they are highly liquid with maturity within three months or less when purchased.

M. NET POSITION

Net position represents the difference between assets and deferred outflows of resources; less liabilities and deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvements of those assets, and adding back unspent proceeds. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation's adopted by the District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

When both restricted and unrestricted net position is available, restricted net position is expended before unrestricted net position if such use is consistent with the restricted purpose.

N. LONG-TERM OBLIGATIONS

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed as incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

O. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal 2021, the district purchased commercial insurance to cover general liabilities. There were no significant reductions in coverage in the past fiscal year, and there were no settlements exceeding insurance coverage for each of the past three fiscal years.

P. ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

KAUFMAN INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2021

NOTE 2. FUND BALANCES

The District has implemented GASB Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions." This Statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balances more transparent.

Fund Balance Classification: The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in governmental fund financial statements are as follows:

- Nonspendable: This classification includes amounts that cannot be spent because they are either (a) not in spendable form, such as prepaid items, or (b) are legally or contractually required to be maintained intact. The District has nonspendable fund balance for prepaid items.
- Restricted: This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation. General Fund amounts that have been deposited into a sinking fund account for future debt service payments on the District's 2010 Maintenance Tax Notes are restricted for retirement of long-term debt. Debt service fund resources are to be used for future servicing of the District's bonded debt and are restricted through debt covenants. Federal and State grant resources are restricted because their use is restricted pursuant to the grant requirements.
- Committed: This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the District's Board of Trustees. The Board of Trustees establishes (and modifies or rescinds) fund balance commitments by passage of a resolution. This can also be done through adoption and amendment of the budget. These amounts cannot be used for any other purpose unless the Board removes or changes the specified use by taking the same type of action that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements. The Board of Trustees has committed resources as of August 31, 2021 for campus activities and scholarships.
- Assigned: This classification includes amounts that are constrained by the District's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the Board of Trustees or through the Board of Trustees delegating this responsibility to other individuals in the District. Under the District's adopted policy, only the Board of Trustees may assign amounts for specific purposes. This classification also includes the remaining positive fund balance for all governmental funds except for the General Fund. The District has not assigned any fund balance as of August 31, 2021.
- Unassigned: This classification includes all amounts not included in other spendable classifications, including the residual fund balance of the General Fund.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Board of Trustees has provided otherwise in its commitment or assignment actions.

The details of the fund balances are included in the Governmental Funds Balance Sheet and are described below:

KAUFMAN INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2021

General Fund

The General Fund has \$368,279 of nonspendable fund balance for prepaid items.

The General Fund has \$2,193,343 of fund balance restricted for future retirement of long-term debt on the QSC Maintenance Tax Notes issued in October 2010. The General Fund has unassigned fund balance of \$20,844,477 at August 31, 2021.

Debt Service Fund

The Debt Service Fund has restricted funds of \$2,858,110 at August 31, 2021 consisting primarily of property tax collections that are restricted for debt service payments on bonded debt.

Other Funds

The fund balance of \$343,850 of the Campus Activity Funds and \$248,154 of the Scholarship Fund (both special revenue funds) are shown as committed due to Board policy committing those funds to campus activities and scholarships. The following special revenue fund fund balance is restricted by Federal or State grant restrictions:

Child Nutrition Program	\$585,247
Advanced Placement Incentives	<u>2,170</u>
Total	<u>\$587,417</u>

NOTE 3. DEPOSITS AND INVESTMENTS

The District's funds are required to be deposited and invested under the terms of a depository contract. The depository bank deposits for safekeeping and trust, with the District's agent bank, approved pledged securities in an amount sufficient to protect District funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation ("FDIC") insurance.

1. Cash Deposits:

At August 31, 2021, the carrying amount of the District's deposits (checking accounts and interest-bearing demand accounts) was \$25,738,048 and the bank balance was \$26,485,612. The District's cash deposits at August 31, 2021 were entirely covered by FDIC insurance or by pledged collateral held by the District's agent bank in the District's name. During the year ended August 31, 2021, District deposits were fully collateralized throughout the year.

KAUFMAN INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2021

2. Investments:

The Public Funds Investment Act (Government Code Chapter 2256) contains specific provisions in the areas of investment practices, management reports and establishment of appropriate policies. Among other things, it requires the District to adopt, implement, and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable stated maturity of portfolio investments, (7) maximum average dollar-weighted maturity allowed based on the stated maturity date for the portfolio, (8) investment staff quality and capabilities, (9) and bid solicitation preferences for certificates of deposit. Statutes authorize the District to invest in (1) obligations of the U.S. Treasury, certain U.S. agencies, and the State of Texas; (2) certificates of deposit, (3) certain municipal securities, (4) money market savings accounts, (5) repurchase agreements, (6) bankers acceptances, (7) Mutual Funds, (8) Investment pools, (9) guaranteed investment contracts, (10) and common trust funds. The Act also requires the District to have independent auditors perform test procedures related to investment practices as provided by the Act. The District is in substantial compliance with the requirements of the Act and with local policies.

In compliance with the Public Funds Investment Act, the District has adopted a deposit and investment policy. That policy addresses the following risks:

a. Custodial Credit Risk – Deposits: In the case of deposits, this is the risk that, in the event of a bank failure, the District's deposits may not be returned to it. As of August 31, 2021, the District's cash deposits totaled \$26,485,612. This entire amount was either collateralized with securities held by the District's agent or covered by FDIC insurance. Thus, the District's deposits are not exposed to custodial credit risk as of August 31, 2021.

b. Custodial Credit Risk - Investments: For an investment, this is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. At August 31, 2021, the District held investments in three public funds investment pools. Investments in external investment pools are considered unclassified as to custodial credit risk because they are not evidenced by securities that exist in physical or book entry form.

c. Credit Risk: This is the risk that an issuer or other counterparty to an investment will be unable to fulfill its obligations. The rating of securities by nationally recognized rating agencies is designed to give an indication of credit risk. The credit quality rating for all three of the external investment pools held by the District at year-end was AAAm (Standard & Poor's).

d. Interest Rate Risk: This is the risk that changes in interest rates will adversely affect the fair value of an investment. The District manages its exposure to declines in fair values by limiting the weighted average maturity of its investment portfolio to less than one year from the time of purchase. The weighted average maturity for the District's investment in external investment pools is less than 90 days.

e. Foreign Currency Risk: This is the risk that exchange rates will adversely affect the fair value of an investment. At August 31, 2021, the District was not exposed to foreign currency risk.

f. Concentration of Credit Risk: This is the risk of loss attributed to the magnitude of the District's investment in a single issuer (i.e., lack of diversification). Concentration risk is defined as positions of 5 percent or more in the securities of a single issuer. Investment pools are excluded from the 5 percent disclosure requirement.

KAUFMAN INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2021

Public funds investment pools in Texas ("Pools") are established under the authority of the Interlocal Cooperation Act, Chapter 79 of the Texas Government Code, and are subject to the provisions of the Public Funds Investment Act (the "Act"), Chapter 2256 of the Texas Government Code. In addition to other provisions of the Act designed to promote liquidity and safety of principal, the Act requires Pools to: 1) have an advisory board composed of participants in the pool and other persons who do not have a business relationship with the pool and are qualified to advise the pool; 2) maintain a continuous rating of no lower than AAA or AAA-m or an equivalent rating by at least one nationally recognized rating service; and 3) maintain the market value of its underlying investment portfolio within one half of one percent of the value of its shares.

The District's investments in Pools are reported at an amount determined by the fair value per share of the pool's underlying portfolio, unless the pool is 2a7-like, in which case they are reported at share value. A 2a7-like pool is one which is not registered with the Securities and Exchange Commission ("SEC") as an investment company, but nevertheless has a policy that it will, and does, operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940.

The District's investments at August 31, 2021, are shown below:

<u>Name</u>	<u>Carrying Amount</u>	<u>Market Value</u>
Lone Star Investment Pool	\$331,070	\$331,070
TexPool Investment Pool	8,145	8,145
MBIA Texas CLASS	<u>206,962</u>	<u>206,962</u>
	<u>\$546,177</u>	<u>\$546,177</u>

Fair Value Measurements

The District categorizes its fair value measurements with the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. Investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient are not classified in the fair value hierarchy below.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The District's assessment of the significance of particular inputs to these fair value measurements requires judgement and considers factors specific to each asset or liability.

The District's investments in Public Investment Pools are not required to be measured at fair value but are measured at amortized cost.

KAUFMAN INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2021

NOTE 4. CAPITAL ASSETS

Capital asset activity for the year ended August 31, 2021, was as follows:

	Balance September 1	Additions/ Completions	Retirement/ Adjustments	Balance August 31
Governmental Activities:				
Capital assets not being depreciated				
Land	\$ 2,645,657	\$ -	\$ -	\$ 2,645,657
Construction in Progress	-	28,700	-	28,700
Total capital assets not being depreciated	<u>2,645,657</u>	<u>28,700</u>	<u>-</u>	<u>2,674,357</u>
Capital assets being depreciated				
Buildings	132,937,740	299,850	-	133,237,590
Furniture and Equipment	8,684,998	798,677	(258,401)	9,225,274
Total capital assets being depreciated	<u>141,622,738</u>	<u>1,098,527</u>	<u>(258,401)</u>	<u>142,462,864</u>
Less accumulated depreciation for:				
Buildings	(41,617,315)	(3,257,327)	-	(44,874,642)
Furniture and Equipment	(8,124,035)	(538,291)	249,526	(8,412,800)
Total accumulated depreciation	<u>(49,741,350)</u>	<u>(3,795,618)</u>	<u>249,526</u>	<u>(53,287,442)</u>
Total capital assets being depreciated, net	<u>91,881,388</u>	<u>(2,697,091)</u>	<u>(8,875)</u>	<u>89,175,422</u>
Governmental activities capital assets, net	<u>\$ 94,527,045</u>	<u>\$ (2,668,391)</u>	<u>\$ (8,875)</u>	<u>\$ 91,849,779</u>

Depreciation expense was charged as direct expense to programs of the District as follows:

Governmental activities:	
Instruction	\$2,637,072
Instructional Resources & Media Services	22,562
Curriculum & Instructional Staff Development	73,646
Instructional Leadership	13,998
School Leadership	296,912
Guidance, Counseling & Evaluation Services	175,366
Health Services	47,340
Student (Pupil) Transportation	124,410
Food Services	4,323
Cocurricular/Extracurricular Activities	77,905
General Administration	92,442
Plant Maintenance and Operations	98,593
Security and Monitoring	41,837
Data Processing Services	88,422
Community Services	<u>790</u>
Total depreciation expense-Governmental activities	<u>\$3,795,618</u>

KAUFMAN INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2021

NOTE 5. MAINTENANCE TAX NOTES PAYABLE

Kaufman Independent School District Qualified School Construction Maintenance Tax Notes, Taxable Series 2010 were issued by the District on October 12, 2010 with an interest rate of 5.298%.

Debt service payments for the notes will be paid from the General Fund. 2010 Maintenance Tax Note payment requirements are as follows:

Year Ended <u>August 31,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total Requirements</u>
2022	\$ -	\$ 185,430	\$ 185,430
2023	-	185,430	185,430
2024	-	185,430	185,430
2025	-	185,430	185,430
2026	-	185,430	185,430
2027	3,500,000	185,430	3,685,430
Thereafter	<u>-</u>	<u>-</u>	<u>-</u>
	<u>\$3,500,000</u>	<u>\$1,112,580</u>	<u>\$4,612,580</u>

The District is required to transfer into a sinking fund \$250,000 on August 15, 2014 and \$250,000 annually through August 15, 2027. These deposits are recorded as restricted cash in the General Fund and as a restriction of fund balance for retirement of long-term debt. At August 31, 2021 the District had \$2,193,343 in the sinking fund.

The District will receive an interest subsidy payment on the notes from the federal government of up to \$175,000 per year through 2027.

NOTE 6. LONG-TERM DEBT

Long-term debt includes par bonds, capital appreciation (deep discount) serial bonds, loans, and capital leases. All long-term debt represents transactions in the District's governmental activities.

The District has entered into a continuing disclosure undertaking to provide Annual Reports and Material Event Notices to the State Information Depository of Texas (SID), which is the Municipal Advisory Council. This information is required under SEC Rule 15c2-12 to enable investors to analyze the financial condition and operations of the District.

KAUFMAN INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2021

The following is a summary of the changes in the District's Long-term Debt for the year ended August 31, 2021:

Description	Interest Rate Payable	Amounts Outstanding 9/1/20	Issued Current Year	Interest Accretion	Retired/ Refunded	Amounts Outstanding 8/31/21	Due Within One Year
Bonded Indebtedness:							
2014 Refunding Bonds	1.00-2.14%	\$ 720,000	\$ -	\$ -	\$ 50,000	\$ 670,000	\$ 50,000
2015 Unlimited Tax School Building Bonds	4.00%	8,295,000	-	-	-	8,295,000	-
2016 Unlimited Tax School Bldg. & Refunding Bonds	2.00-5.00%	50,230,000	-	-	1,490,000	48,740,000	1,555,000
2017 Unlimited Tax School Building Bonds	2.00-4.00%	8,535,000	-	-	215,000	8,320,000	220,000
Total Bonded Indebtedness:		<u>67,780,000</u>	<u>-</u>	<u>-</u>	<u>1,755,000</u>	<u>66,025,000</u>	<u>1,825,000</u>
Other Direct Obligations:							
Premiums/Discounts on Bonds Payable		5,948,146	-	-	251,314	5,696,832	251,314
Loans Payable	4.25%	92,288	-	-	92,288	-	-
Qualified School Construction Maint. Tax Notes, 2010	5.298%	3,500,000	-	-	-	3,500,000	-
Capital Leases Payable	1.25-3.25%	533,306	-	-	533,306	-	-
Total Other Obligations:		<u>10,073,740</u>	<u>-</u>	<u>-</u>	<u>876,908</u>	<u>9,196,832</u>	<u>251,314</u>
Total Obligations of District		<u>\$ 77,853,740</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,631,908</u>	<u>\$ 75,221,832</u>	<u>\$2,076,314</u>

Presented below is a summary of general obligation bond requirements to maturity:

Year Ended August 31,	General Obligation		Total Requirements
	Principal	Interest	
2022	\$ 1,825,000	\$ 2,650,419	\$ 4,475,419
2023	1,885,000	2,588,631	4,473,631
2024	1,950,000	2,523,281	4,473,281
2025	2,045,000	2,428,994	4,473,994
2026	2,145,000	2,328,368	4,473,368
2027-2031	12,390,000	9,975,318	22,365,318
2032-2036	13,315,000	7,320,018	20,635,018
2037-2041	15,570,000	4,583,359	20,153,359
2042-2045	14,900,000	1,221,000	16,121,000
	<u>\$66,025,000</u>	<u>\$35,619,388</u>	<u>\$101,644,388</u>

General Obligation Bonds are direct obligations issued on a pledge of the general taxing power for the payment of the debt obligations of the District. General Obligation Bonds require the District to compute, at the time taxes are levied, the rate of tax required to provide (in each year bonds are outstanding) a fund to pay interest and principal at maturity. The District is in compliance with this requirement.

There are a number of limitations and restrictions contained in the various general obligation bonds indentures. The District is in compliance with all significant limitations and restrictions at August 31, 2021.

KAUFMAN INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2021

NOTE 7. DEFEASED DEBT

In prior years, the District has refunded certain bond series in advanced refunding transactions. Funds were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunded bonds. All refunded bonds have been repaid.

The District's deferred charges on bond refundings are as follows:

Balance – August 31, 2020	\$642,346
Increase due to current year refunding	-
Current year amortization	<u>(53,529)</u>
Balance – August 31, 2021	<u>\$588,817</u>

NOTE 8. PROPERTY TAXES

Property taxes are considered available when collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. The District levies its taxes on October 1 on the assessed (appraised) value listed as of the prior January 1 for all real and business personal property located in the District in conformity with Subtitle E, Texas Property Tax Code. Taxes are due upon receipt of the tax bill and are past due and subject to interest if not paid by February 1 of the year following the October 1 levy date. The assessed value of the property tax roll upon which the levy for the 2020-21 fiscal year was based was \$1,070,174,135. Taxes are delinquent if not paid by August 31. Delinquent taxes are subject to both penalty and interest charges plus 15 % delinquent collection fees for attorney costs.

The tax rates assessed for the year ended August 31, 2021, to finance General Fund operations and the payment of principal and interest on general obligation long-term debt were \$0.963 and \$0.3246 per \$100 valuation, respectively, for a total of \$1.2876 per \$100 valuation.

Current tax collections for the year ended August 31, 2021 were 96.89% of the year-end adjusted tax levy. Delinquent taxes are prorated between maintenance and debt service based on rates adopted for the year of the levy. Allowances for uncollectible taxes within the General and Debt Service Funds are based on historical experience in collecting taxes. Uncollectible personal property taxes are periodically reviewed and written off, but the District is prohibited from writing off real property taxes without specific statutory authority from the Texas Legislature. As of August 31, 2021, property taxes receivable, net of estimated uncollectible taxes, totaled \$599,380 and \$180,910 for the General and Debt Service Funds, respectively.

Property taxes are recorded as receivables and unavailable revenues at the time the taxes are assessed. Revenues are recognized as the related ad valorem taxes are collected.

NOTE 9. DEFINED BENEFIT PENSION PLAN

Plan Description. Kaufman Independent School District participates in a cost-sharing multiple-employer defined benefit pension that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS). TRS's defined benefit pension plan is established and administered in accordance with the Texas Constitution, Article XVI, Section 67 and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension's Board of Trustees does not have the authority to establish or amend benefit terms.

All employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard work load and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

KAUFMAN INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2021

Pension Plan Fiduciary Net Position. Detailed information about the Teacher Retirement System's fiduciary net position is available in a separately-issued Annual Comprehensive Financial Report (ACFR) that includes financial statements and required supplementary information. That report may be obtained on the Internet at <https://trs.texas.gov/pages/aboutpublications.aspx>, by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698, or by calling (512)542-6592.

Benefits Provided. TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension formula is calculated using 2.3 percent (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity except for members who are grandfathered, the three highest annual salaries are used. The normal service retirement is at age 65 with 5 years of credited service or when the sum of the member's age and years of credited service equals 80 or more years. Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the member's age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered in under a previous rule. There are no automatic post-employment benefit changes; including automatic COLAs. Ad hoc post-employment benefit changes, including ad hoc COLAs can be granted by the Texas Legislature as noted in the Plan description above.

Texas Government Code section 821.006 prohibits benefit improvements, if, as a result of the particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action. Actuarial implications of the funding provided in this manner are determined by the System's actuary.

In May, 2019, the 86th Texas Legislature approved the TRS Pension Reform Bill (Senate Bill 12) that provides for gradual contribution increases from the state, participating employers and active employees to make the pension fund actuarially sound. This action causing the pension fund to be actuarially sound, allowed the legislature to approve funding for a 13th check in September 2019. All eligible members retired as of December 31, 2018 received an extra annuity check in either the matching amount of their monthly annuity or \$2,000, whichever was less.

Contributions. Contribution requirements are established or amended pursuant to Article 16, section 67 of the Texas Constitution which requires the Texas legislature to establish a member contribution rate of not less than 6% of the member's annual compensation and a state contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation paid to members of the system during the fiscal year.

Employee contribution rates are set in state statute, Texas Government Code 825.402. The TRS Pension Reform Bill (Senate Bill 12) of the 86th Texas Legislature amended Texas Government Code 825.402 for member contributions and increased employee and employer contribution rates for fiscal years 2020 thru 2025.

Contribution Rates

	<u>2020</u>	<u>2021</u>
Member	7.7%	7.7%
Non-Employer Contributing Entity (State)	7.5%	7.5%
Employers	7.5%	7.5%

Kaufman ISD FY2021 Employer Contributions	\$ 823,571
Kaufman ISD FY2021 Member Contributions	\$ 2,007,241
Kaufman ISD FY2021 NECE On-Behalf Contributions	\$ 1,481,060

KAUFMAN INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2021

Contributors to the plan include members, employers and the State of Texas as the only non-employer contributing entity. The State is the employer for senior colleges, medical schools and state agencies including the TRS. In each respective role, the State contributes to the plan in accordance with state statutes and the General Appropriations Act (GAA).

As the non-employer contributing entity for public education, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers. Employers including public schools are required to pay the employer contribution rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member's first 90 days of employment.
- When any part or all of an employee's salary is paid by federal funding source or a privately sponsored source, from non-educational and general, or local funds.
- When the employing district is a public school, the employer shall contribute 1.5% of covered payroll to the pension fund beginning in fiscal year 2020. The contribution rate called the Public Education Employer Contribution replaced the Non (OASDI) surcharge that was in effect in fiscal year 2019.

In addition to the employer contributions listed above, there is an additional surcharges an employer is subject to.

- When employing a retiree of the Teacher Retirement System the employer shall pay both the member contribution and the state contribution as an employment after retirement surcharge.

Actuarial Assumptions. The total pension liability in the August 31, 2020 actuarial valuation was determined using the following actuarial assumptions:

Valuation Date	August 31, 2019 rolled forward to August 31, 2020
Actuarial Cost Method	Individual Entry Age Normal
Asset Valuation Method	Market Value
Single Discount Rate	7.25%
Long-term expected Investment Rate of Return	7.25%
Municipal Bond Rate as of August 2020	2.33%
Inflation	2.30%
Salary Increases Including Inflation	3.05% to 9.05%
Benefit Changes During the Year	None
Ad hoc Post Employment Benefit Changes	None

The actuarial methods and assumptions are used in the determination of the total pension liability are the same assumptions used in the actuarial valuation as of August 31, 2019. For a full description of these assumptions please see the actuarial valuation report dated November 14, 2019.

Discount Rate. A single discount rate of 7.25 percent was used to measure the total pension liability. The single discount rate was based on the expected rate of return on plan investments of 7.25 percent. The projection of cash flows used to determine this single discount rate assumed that contributions from active members, employers and the non-employer contributing entity will be made at the rates set by the legislature during the 2019 session. It is assumed that future employer and state contributions will be 8.50 percent of payroll in fiscal year 2020 gradually increasing to 9.55 percent of payroll over the next several years. This includes all employer and state contributions for active and rehired retirees.

KAUFMAN INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2021

Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term rate of return on pension plan investments is 7.25%.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in the Systems target asset allocation as of August 31, 2020 are summarized below:

Asset Class	Target Allocation ¹	Long-Term Expected Arithmetic Real Rate of Return ²	Expected Contribution To Long-Term Portfolio Returns
Global Equity			
U.S.	18%	3.9%	0.99%
Non-U.S. Developed	13%	5.1%	0.92%
Emerging Markets	9%	5.6%	0.83%
Private Equity	14%	6.7%	1.41%
Stable Value			
Government Bonds	16%	-.7%	-0.05%
Stable Value Hedge Funds	5%	1.9%	0.11%
Real Return			
Real Estate	15%	4.6%	1.01%
Energy, Natural Resources	6%	6%	0.42%
Risk Parity			
Risk Parity	8%	3%	0.30%
Leverage			
Cash	2%	-1.5%	-0.03%
Asset Allocation Leverage	-6%	-1.3%	0.08%
Inflation Expectation	-		2.00%
Volatility Drag ³	-		-0.67%
Total	<u>100%</u>		<u>7.33%</u>

Discount Rate Sensitivity Analysis. The following table presents the Net Pension Liability of the plan using the discount rate of 7.25 percent, and what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.25 percent) or one percentage point higher (8.25 percent) than the current rate.

	1% Decrease in Discount Rate (6.25%)	Discount Rate (7.25%)	1% Increase in Discount Rate (8.25%)
Kaufman ISD's proportionate share of the net pension liability:	\$16,012,942	\$10,382,660	\$5,810,870

¹ Target allocations are based on the FY20 policy model.

² Capital Market Assumptions come from Aon Hewitt (as of 08/31/2020).

³ The volatility drag results from the conversion between arithmetic and geometric mean returns.

KAUFMAN INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2021

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At August 31, 2021, Kaufman Independent School District reported a liability of \$10,382,660 for its proportionate share of the TRS's net pension liability. This liability reflects a reduction for State pension support provided to Kaufman Independent School District. The amount recognized by Kaufman Independent School District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with Kaufman Independent School District were as follows:

District's Proportionate share of the collective net pension liability	\$10,382,660
State's proportionate share that is associated with the District	<u>18,525,720</u>
Total	<u>\$28,908,380</u>

The net pension liability was measured as of August 31, 2019 and rolled forward to August 31, 2020 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The employer's proportion of the net pension liability was based on the employer's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2019 thru August 31, 2020.

At August 31, 2020 the employer's proportion of the collective net pension liability was 0.01938584%, a decrease of 6.29% from its proportionate share of 0.0206877% at August 31, 2019.

Changes Since the Prior Actuarial Valuation – There were no changes in assumptions since the measurement period.

For the year ended August 31, 2021, Kaufman Independent School District recognized pension expense of \$1,481,060 and revenue of \$1,481,060 for support provided by the State.

At August 31, 2021, Kaufman Independent School District reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources (The amounts shown below will be the cumulative layers from the current and prior years combined.):

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$ 18,958	\$ 289,752
Changes in actuarial assumptions	2,409,146	1,024,352
Difference between projected and actual investment earnings	210,188	-
Changes in proportion and difference between the employer's contributions and the proportionate share of contributions	682,603	477,076
Contributions paid to TRS subsequent to the measurement date	823,571	-
Total	\$4,144,466	\$1,791,180

The net amounts of the District's balances of deferred outflows and inflows of resources (not including the deferred contribution paid subsequent to the measurement date) related to pensions will be recognized in pension expense as follows:

Year ended August 31:	Pension Expense Amount
2022	\$ 493,503
2023	573,438
2024	536,085
2025	144,612
2026	(188,759)
Thereafter	(29,164)

KAUFMAN INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2021

NOTE 10. DEFINED OTHER POST-EMPLOYMENT BENEFIT PLANS

Plan Description. The District participates in the Texas Public School Retired Employees Group Insurance Program (TRS- Care). It is a multiple-employer, cost-sharing defined Other Post-Employment Benefit (OPEB) plan with a special funding situation. The plan is administered through a trust by the Teacher Retirement System of Texas (TRS) Board of Trustees. It is established and administered in accordance with the Texas Insurance Code, Chapter 1575. The TRS-Care program was established in 1986 by the Texas Legislature.

The TRS Board of Trustees administers the TRS-Care program and the related fund in accordance with Texas Insurance Code Chapter 1575. The Board of Trustees is granted the authority to establish basic and optional group insurance coverage for participants as well as to amend benefit terms as needed under Chapter 1575.052. The Board may adopt rules, plans, procedures, and orders reasonably necessary to administer the program, including minimum benefits and financing standards.

OPEB Plan Fiduciary Net Position. Detail information about the TRS-Care's fiduciary net position is available in the separately-issued TRS Annual Comprehensive Financial Report that includes financial statements and required supplementary information. That report may be obtained on the Internet at <http://www.trs.texas.gov/pages/aboutpublications.aspx>; by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698; or by calling (512) 542-6592.

Benefits Provided. TRS-Care provides health insurance coverage to retirees from public schools, charter schools, regional education service centers and other educational districts who are members of the TRS pension plan. Optional dependent coverage is available for an additional fee.

Eligible non-Medicare retirees and their dependents may enroll in TRS-Care Standard, a high-deductible health plan. Eligible Medicare retirees and their dependents may enroll in the TRS-Care Medicare Advantage medical plan and the TRS-Care Medicare Rx prescription drug plan. To qualify for TRS-Care coverage, a retiree must have at least 10 years of service credit in the TRS pension system. There are no automatic post-employment benefit changes; including automatic COLAs.

The premium rates for retirees are reflected in the following table:

TRS-Care Monthly for Retirees		
	<u>Medicare</u>	<u>Non-Medicare</u>
Retiree*	\$ 135	\$ 200
Retiree and Spouse	529	689
Retiree* and Children	468	408
Retiree and Family	1,020	999

* or surviving spouse

Contributions. Contribution rates for the TRS-Care plan are established in state statute by the Texas Legislature, and there is no continuing obligation to provide benefits beyond each fiscal year. The TRS-Care plan is currently funded on a pay-as-you-go basis and is subject to change based on available funding. Funding for TRS-Care is provided by retiree premium contributions and contributions from the state, active employees, and school districts based upon public school district payroll. The TRS Board of trustees does not have the authority to set or amend contribution rates.

KAUFMAN INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2021

Texas Insurance Code, section 1575.202 establishes the state's contribution rate which is 1.25% of the employee's salary. Section 1575.203 establishes the active employee's rate which is .65% of pay. Section 1575.204 establishes an employer contribution rate of not less than 0.25 percent or not more than 0.75 percent of the salary of each active employee of the public. The actual employer contribution rate is prescribed by the Legislature in the General Appropriations Act. The following table shows contributions to the TRS-Care plan by type of contributor.

	<u>Contribution Rates</u>	
	<u>2020</u>	<u>2021</u>
Active Employee	0.65%	0.65%
Non-Employer Contributing Entity (State)	1.25%	1.25%
Employers	0.75%	0.75%
Federal/private Funding remitted by Employers	1.25%	1.25%
Kaufman ISD FY21 Employer Contributions		\$219,091
Kaufman ISD FY21 Member Contributions		\$169,397
Kaufman ISD FY21 NECE On-behalf Contributions		\$307,749

In addition to the employer contributions listed above, there is an additional surcharge all TRS employers are subject to, regardless of whether or not they participate in the TRS Care OPEB program. When hiring a TRS retiree, employers are required to pay to TRS Care, a monthly surcharge of \$535 per retiree.

TRS-Care received supplemental appropriations from the State of Texas as the Non-Employer Contributing Entity in the amount of \$230.8 million in fiscal year 2020 to maintain premiums and benefit levels in the 2020-2021 biennium.

Actuarial Assumptions. The actuarial valuation was performed as of August 31, 2019. Update procedures were used to roll forward the Total OPEB Liability to August 31, 2020.

The actuarial valuation of the OPEB plan offered through TRS-Care is similar to the actuarial valuation performed for the pension plan, except that the OPEB valuation is more complex. All the demographic assumptions, including rates of retirement, termination, and disability, and most of the economic assumptions, including general inflation and salary increases, used in the OPEB valuation were identical to those used in the respective TRS pension valuation. The demographic assumptions were developed in the experience study performed for TRS for the period ending August 31, 2017.

The following assumptions and other inputs used for members of TRS-Care are based on an established pattern of practice and are identical to the assumptions used in the August 31, 2019 TRS pension actuarial valuation that was rolled forward to August 31, 2020:

Rates of Mortality	General Inflation
Rates of Retirement	Wage Inflation
Rates of Termination	Expected Payroll Growth
Rates of Disability	

The active mortality rates were based on 90 percent of the RP-2014 Employee Mortality Tables for males and females, with full generational mortality using Scale BB. The post-retirement mortality rates for healthy lives were based on the 2018 TRS of Texas Healthy Pensioner Mortality Tables, with full generational projection using the ultimate improvement rates from the recent published scale (U-MP).

KAUFMAN INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2021

Additional Actuarial Methods and Assumptions:

Valuation Date	August 31, 2019 rolled forward to August 31, 2020
Actuarial Cost Method	Individual Entry Age Normal
Inflation	2.30%
Single Discount Rate	2.33%
Aging Factors	Based on specific plan experience
Expenses	Third-party administrative expenses related to the delivery of health care benefits are included in the age-adjusted claim costs
Projected Salary Increases	3.05% to 9.05%, including inflation
Election Rates	Normal Retirement: 65% participation prior to age 65 and 40% participation after age 65
Ad hoc post-employment benefit changes	None

Discount Rate. A single discount rate of 2.33% was used to measure the total OPEB liability. There was a decrease of 0.30 percent in the discount rate since the previous year. Because the plan is essentially a “pay-as-you-go” plan, the single discount rate is equal to the prevailing municipal bond rate. The projection of cash flows used to determine the discount rate assumed that contributions from active members and those of the contributing employers and the non-employer contributing entity are made at the statutorily required rates. Based on those assumptions, the OPEB plan’s fiduciary net position was projected to not be able to make all future benefit payments of current plan members. Therefore, the municipal bond rate was used for the long-term rate of return and was applied to all periods of projected benefit payments to determine the total OPEB liability.

The source of the municipal bond rate is the Fidelity “20-year Municipal GO AA Index” as of August 31, 2020 using the fixed-income municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds.

Discount Rate Sensitivity Analysis. The following schedule shows the impact of the Net OPEB Liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used (2.33%) in measuring the Net OPEB Liability.

	1% Decrease in Discount Rate (1.33%)	Current Single Discount Rate (2.33%)	1% Increase in Discount Rate (3.33%)
District’s proportionate share of the Net OPEB Liability:	\$13,274,744	\$11,062,308	\$9,314,800

Healthcare Cost Trend Rates Sensitivity Analysis - The following shows the impact of the net OPEB liability if a healthcare trend rate that is one-percentage less than or one-percentage point greater than the health trend rates is assumed.

	1% Decrease in Healthcare Trend Rate	Current Single Healthcare Trend Rate	1% Increase in Healthcare Trend Rate
District’s proportionate share of the Net OPEB Liability:	\$9,036,488	\$11,062,308	\$13,760,413

KAUFMAN INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2021

OPEB Liabilities, OPEB Expenses, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs. At August 31, 2021, the District reported a liability of \$11,062,308 for its proportionate share of the TRS's Net OPEB Liability. This liability reflects a reduction for State OPEB support provided to the District.

The amount recognized by the District as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the District were as follows:

District's Proportionate share of the collective Net OPEB Liability	\$11,062,308
State's proportionate share that is associated with the District	<u>14,865,090</u>
Total	<u>\$25,927,398</u>

The Net OPEB Liability was measured as of August 31, 2019 and rolled forward to August 31, 2020 and the Total OPEB Liability used to calculate the Net OPEB Liability was determined by an actuarial valuation as of that date. The employer's proportion of the Net OPEB Liability was based on the employer's contributions to the OPEB plan relative to the contributions of all employers to the plan for the period September 1, 2019 thru August 31, 2020.

At August 31, 2020 the employer's proportion of the collective Net OPEB Liability was 0.02910022%, a decrease of 1.96% compared to the August 31, 2019 proportionate share of 0.02968199%.

Changes Since the Prior Actuarial Valuation – The following were changes to the actuarial assumptions or other inputs that affected measurement of the Total OPEB liability since the prior measurement period:

- The discount rate changed from 2.63 percent as of August 31, 2019 to 2.33 percent as of August 31, 2020. This change increased the Total OPEB Liability.
- The participation rate for post-65 retirees was lowered from 50 percent to 40 percent. This change lowered the Total OPEB Liability.
- The ultimate health care trend rate assumption was lowered from 4.50 percent to 4.25 percent as a result of Congress' repeal of the excise (Cadillac) tax on high-cost employer health plans in December 2019. This change lowered the Total OPEB Liability.

Changes of Benefit Terms Since the Prior Measurement Date – There were no changes in benefit terms since the prior measurement date.

For the year ended August 31, 2021, the amount of OPEB expense recognized by the District in the reporting period was \$(339,291).

At August 31, 2021, the District reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to other post-employment benefits from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$ 579,218	\$5,062,678
Changes in actuarial assumptions	682,314	3,037,767
Difference between projected and actual investment earnings	3,595	-
Changes in proportion and difference between the employer's contributions and the proportionate share of contributions	549,454	325,406
Contributions paid to TRS subsequent to the measurement date	219,091	-
Total	\$2,033,672	\$8,425,851

KAUFMAN INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2021

The net amounts of the employer's balance of deferred outflows and inflows of resources (not including the deferred contribution paid subsequent to the measurement date) related to OPEB will be recognized in OPEB expense as follows:

Year ended August 31:	OPEB Expense Amount
2022	\$ (1,093,344)
2023	(1,093,825)
2024	(1,094,100)
2025	(1,094,026)
2026	(798,550)
Thereafter	(1,437,425)

NOTE 11. MEDICARE PART D

The Medicare Prescription Drug, Improvement, and Modernization Act of 2003 established prescription drug coverage for Medicare beneficiaries known as Medicare Part D. Under Medicare Part D, TRS-Care receives drug subsidy payments from the federal government to offset certain prescription drug expenditures for eligible TRS-Care participants. For the years ended August 31, 2021, 2020 and 2019, the subsidy payments received by TRS-Care on behalf of the District were \$116,851, \$110,388 and \$87,225, respectively. These payments are recorded as equal revenues and expenditures in the governmental funds financial statement of the District.

NOTE 12. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

Interfund receivables and payables at August 31, 2021 represented short-term advances between funds. These amounts are expected to be repaid in less than one year from August 31, 2021.

Fund	Due from Other Funds	Due to Other Funds
Major Governmental Funds:		
General Fund:		
Debt Service Fund	\$110,643	\$110,643
Special Revenue Funds	<u>56,146</u>	<u>56,146</u>
Total Major Governmental Funds	<u>\$166,789</u>	<u>\$166,789</u>

NOTE 13. HEALTH CARE

During the year ended August 31, 2021, employees of Kaufman Independent School District were covered by a health insurance plan (the Plan). The District contributed \$260 per month per employee to the Plan and employees, at their option, authorized payroll withholdings to pay any additional contribution and contributions for dependents. All contributions were paid to a fully insured plan.

NOTE 14. WORKERS COMPENSATION

The District participates in the Texas Educational Insurance Association Workers Compensation Self-Insurance Joint Fund. The District is partially self-funded to a loss fund maximum of \$177,320 for the 20-21 fiscal year. Additionally, the District incurred fixed costs of \$54,861 for their share of claims administration, loss control, record keeping, and cost of excess insurance.

Claims Administrative Services, Inc. provides claims administration. Reinsurance is provided for aggregate claim losses exceeding \$500,000 for the entire pool. The fixed cost charge is based on total payroll paid by the District. Increases or decreases in the fixed costs will adjust subsequent year charges.

**KAUFMAN INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2021**

The accrued liability for workers compensation self-insurance of \$216,993 includes incurred but not reported claims. This liability is based on the requirements of GASB Statement No. 10, "Accounting and Financial Reporting for Risk Financing and Related Insurance Issues," which require that a liability for claims be reported if information indicates that it is probable that a liability has been incurred and the amount of loss can be reasonably estimated. The liability recorded is an undiscounted actuarial calculation.

Changes in workers compensation claims liability amounts in fiscal years 2021 and 2020 are represented below:

Fiscal Year	September 1 Claims Liability	Claims and Changes in Estimates	Claims Payments	August 31 Claims Liability
2021	\$231,328	\$ 46,856	\$ 61,191	\$216,993
2020	188,056	146,163	102,891	231,328

NOTE 15. DUE FROM OTHER GOVERNMENTS

The District participates in a variety of federal and state programs from which it receives grants to partially or fully finance certain activities. In addition, the District receives entitlements from the State through the School Foundation, Per Capita, Existing Debt Allotment, and Instruction Facilities Allotment Programs. Amounts due from federal and state governments as of August 31, 2021, are summarized below. All federal grants shown below are passed through the TEA and are reported on the combined financial statements as Due from Other Governments.

Fund	State Entitlements	Federal Grants	Local Governments	Total
General	\$ -	\$ -	\$ -	\$ -
Debt Service Fund	-	-	-	-
Nonmajor Special Revenue	<u>195,299</u>	<u>1,258,048</u>	-	<u>1,453,347</u>
Total	<u>\$195,299</u>	<u>\$1,258,048</u>	<u>\$ -</u>	<u>\$1,453,347</u>

NOTE 16. LITIGATION AND CONTINGENCIES

The District participates in numerous state and Federal grant programs which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the District has not complied with the rules and regulations governing the grants, if any, refunds of any money received may be required and the collectability of any related receivable at August 31, 2021 may be impaired. In the opinion of the District, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying combined financial statements for such contingencies.

KAUFMAN INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2021

NOTE 17. REVENUES FROM LOCAL AND INTERMEDIATE SOURCES

During the current year, revenues from local and intermediate sources consisted of the following:

	General Fund	Special Revenue Funds	Debt Service Fund	Total
Property Taxes	\$10,521,002	\$ -	\$3,541,193	\$14,062,195
Food Sales	-	224,873	-	224,873
Investment Income	260,907	-	24,731	285,638
Penalties, interest and other tax related income	186,947	-	57,117	244,064
Co-curricular student activities	97,751	467,264	-	565,015
Other	107,535	931	-	108,466
Total	<u>\$11,174,142</u>	<u>\$693,068</u>	<u>\$3,623,041</u>	<u>\$15,490,251</u>

NOTE 18. UNEARNED REVENUE

Unearned revenue at year-end consisted of the following:

	General Fund	Special Revenue Fund	Debt Service Fund	Total
Read to Succeed	\$ -	\$ 406	\$ -	\$ 406
Tobacco Grant	-	40	-	40
	<u>\$ -</u>	<u>\$ 446</u>	<u>\$ -</u>	<u>\$ 446</u>

NOTE 19. PRIOR PERIOD ADJUSTMENT

In fiscal year 2021, the District recorded a prior period adjustment for \$255,972 to reflect the reclassification of its Scholarship Fund from a fiduciary fund to a governmental fund (special revenue fund).

NOTE 20. RISKS AND UNCERTAINTIES

The outbreak of COVID-19, a respiratory disease caused by a new strain of coronavirus, has been characterized as a pandemic (the "Pandemic") by the World Health Organization and is currently affecting many parts of the world, including the United States and the State of Texas. On January 31, 2021, the Secretary of the United States Health and Human Services Department declared a public health emergency for the United States and on March 13, 2020, the President of the United States declared the outbreak of COVID-19 in the United States a national emergency. Subsequently, the President's Coronavirus Guidelines for America and the United States Centers for Disease Control and Prevention called upon Americans to take actions to slow the spread of COVID-19 in the United States.

On March 13, 2020, the Governor of Texas (the "Governor") declared a state of disaster for all counties in the State in response to the Pandemic, which disaster declaration he has subsequently extended. Pursuant to Chapter 418 of the Texas Government Code, the Governor has broad authority to respond to disasters, including suspending any regulatory statute prescribing the procedures for conducting State business or any order or rule of a State agency that would in any way prevent, hinder, or delay necessary action in coping with the disaster, and issuing executive orders that have the force and effect of law. The Governor has issued a series of executive orders relating to COVID-19 preparedness and mitigation.

KAUFMAN INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2021

On June 3, 2021, TEA issued updated public planning health guidance in accordance with Executive Order GA-36 (which became effective June 5, 2021), to address on-campus instruction, administrative activities by teachers, staff or students that occur on school campuses, non-UIL extracurricular sports and activities, and any other activities that teachers, staff, or students must complete. Within the guidance, TEA instructs schools that, per Executive Order GA-36, school systems cannot require students or staff to wear a mask; however, school systems must allow individuals to wear a mask if they choose to do so.

Within the guidance, TEA instructs schools to notify their local health department, in accordance with applicable federal, state, and local laws and regulations, including any applicable confidentiality requirements, of individuals who have been in a school and test-confirmed to have COVID-19. Additionally, upon receipt of information that any teacher, staff member, student, or visitor at a school is test-confirmed to have COVID-19, the school must submit a report to the Texas Department of Health Services via its online portal.

The TEA advised districts that for the 2020-2021 school year district funding would return to being based on "Average Daily Attendance" (being generally calculated as the sum of student attendance for each State-mandated day of instruction divided by the number of State-mandated days of instruction, defined herein as "ADA") calculations requiring attendance to be taken. However, the TEA has crafted an approach for determining ADA during the pandemic that provides districts with several options for determining daily attendance. These include remote synchronous instruction, remote asynchronous instruction, on-campus instruction and the Texas Virtual Schools Network. To stabilize funding expectations, districts were initially provided an ADA grace period for the first two six weeks of the 2020-2021 school year. If a district's first two six-week average ADA is less than the ADA hold harmless projections (described below), the first two six-week attendance reporting periods for 2020-2021 were excluded from the calculation of annual ADA and student full-time equivalents ("FTE") for Foundation School Program ("FSP") funding purposes and replaced with the ADA and FTE hold harmless projections that were derived using a three-year average trend of final numbers from the 2017-2018 through 2019-2020 school years, unless the projection is both (i) 15% higher and (ii) 100 ADA higher than the 2020-2021 legislative planning estimate ("LPE") projections provided by the TEA to the State legislature pursuant to Section 48.269 of the Texas Education Code, in which case the 2020-2021 LPE ADA and FTE were used as the hold harmless projections.

The ADA hold harmless projection was also available for the third six-week attendance reporting period, but only for those districts that allowed on-campus instruction throughout the entire third six-week period, as further described below. The ADA hold harmless methodology was identical to the methodology used for the first two six-week attendance reporting periods, except that the third six-week period was examined independent of the first two six-week attendance reporting periods.

The ADA hold harmless projection was extended for the remainder of the 2020-2021 school year (the fourth, fifth, and sixth six-week attendance reporting periods). In order to qualify, a district must meet certain criteria established by the TEA related to on-campus.

The full extent of the ongoing impact of COVID-19 on the District's longer-term operational and financial performance will depend on future developments, many of which are outside of its control, including the effectiveness of the mitigation strategies discussed above, the duration and spread of COVID-19, and future governmental actions, all of which are highly uncertain and cannot be predicted. The District continues to monitor the spread of COVID-19 and is working with local, State and national agencies to address the potential impact of the Pandemic upon the District. While the potential impact of the Pandemic on the District cannot be quantified at this time, the continued outbreak of COVID-19 could have an adverse effect on the District's operations and financial condition.

KAUFMAN INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2021

The Pandemic has negatively affected travel, commerce, and financial markets globally, and is widely expected to continue negatively affecting economic growth and financial markets worldwide. These negative impacts may reduce or negatively affect property values within the District. The District's bonded debt is secured by an unlimited ad valorem tax, and a reduction in property values may require an increase in the ad valorem tax rate required to pay the bonds as well as the District's share of operations and maintenance expenses payable from ad valorem taxes.

Additionally, State funding of District operations and maintenance in future fiscal years could be adversely impacted by the negative effects on economic growth and financial markets resulting from the Pandemic as well as ongoing disruptions in the global oil markets.

KAUFMAN INDEPENDENT SCHOOL DISTRICT
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
FOR THE YEAR ENDED AUGUST 31, 2021

PENSION LIABILITY:

Changes of benefit terms:

There were no changes of benefit terms that affected measurement of the total pension liability during the measurement period.

Changes of assumptions:

There were no changes to the actuarial assumptions or other inputs that affected measurement of the total pension liability since the prior measurement period.

OPEB LIABILITY:

Changes of benefit terms:

There were no changes in benefit terms since the prior measurement date.

Changes of assumptions:

The following were changes to the actuarial assumptions or other inputs that affected measurement of the Total OPEB liability since the prior measurement period:

- The discount rate changed from 2.63 percent as of August 31, 2019 to 2.33 percent as of August 31, 2020. This change increased the Total OPEB Liability.
- The participation rate for post-65 retirees was lowered from 50 percent to 40 percent. This change lowered the Total OPEB Liability.
- The ultimate health care trend rate assumption was lowered from 4.50 percent to 4.25 percent as a result of Congress' repeal of the excise (Cadillac) tax on high-cost employer health plans in December 2019. This change lowered the Total OPEB Liability.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Trustees
Kaufman Independent School District
Kaufman, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Kaufman Independent School District, as of and for the year ended August 31, 2021, and the related notes to the financial statements, which collectively comprise Kaufman Independent School District's basic financial statements, and have issued our report dated December 30, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of the audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM
AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH THE
UNIFORM GUIDANCE

To the Board of Trustees
Kaufman Independent School District
Kaufman, Texas

Report on Compliance for Each Major Federal Program

We have audited Kaufman Independent School District's compliance with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Compliance Supplement* that could have a direct and material effect on each of Kaufman Independent School District's major federal programs for the year ended August 31, 2021. Kaufman Independent School District's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of finding and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Kaufman Independent School District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Costs Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Kaufman Independent School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Kaufman Independent School District's compliance.

Opinion on Each Major Federal Program

In our opinion, Kaufman Independent School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2021.

Report on Internal Control Over Compliance

Management of Kaufman Independent School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Kaufman Independent School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Kaufman Independent School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

KAUFMAN INDEPENDENT SCHOOL DISTRICT
NOTES ON ACCOUNTING POLICIES FOR FEDERAL AWARDS
YEAR ENDED AUGUST 31, 2021

- For all Federal programs, the District uses the fund types specified in Texas Education Agency's *Financial Accountability System Resource Guide*.
- **General Fund** - is used to account for among other things, resources related to the School Health and Related Services (SHARS).
- **Special Revenue Funds** - are used to account for resources restricted to, or designated for, specific purposes by a grantor. Federal and state financial assistance generally is accounted for in a Special Revenue Fund. Generally, unused balances are returned to the grantor at the close of specified project periods.
- The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The Governmental Fund types are accounted for using a current financial resources measurement focus. All Federal grant funds were accounted for in a Special Revenue Fund or, in some instances, in the General Fund which are Governmental Fund type funds.

With this measurement focus, only current assets and current liabilities and the fund balance are included on the balance sheet. Operating statements of these funds present increases and decreases in net current assets. The modified accrual basis of accounting is used in the Governmental Fund types. This basis of accounting recognizes revenues in the accounting period in which they become susceptible to accrual, i.e., both measurable and available, and expenditures in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on General Long-Term Debt, which is recognized when due, and certain compensated absences and claims and judgments, which are recognized when the obligations are expected to be liquidated with expendable available financial resources. Federal grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant, and, accordingly, when such funds are received, they are recorded as unearned revenues until earned.

- The period of performance for federal grant funds for the purpose of liquidation of outstanding obligations made on or before the ending date of the federal project period extended 90 days beyond the federal project period ending date, in accordance with provisions in Section H, Period of Performance of Federal Funds, 3 CFR Section 200.343 (b).
- FALN numbers for commodity assistance are the FALN numbers of the programs under which USDA donated the commodities.
- Indirect cost reimbursement for federal programs for this fiscal year was received in the amount of \$-0-.
- Reconciliation Information:

Amount reported on the Schedule of Expenditures of Federal awards	\$5,143,357
SHARS Revenue reported in the General Fund	271,915
Plus Revenue Received from Coronavirus Relief Fund for FY20 Expenditures:	
Passed through Kaufman County	83,417
Passed through TDEM	<u>226,778</u>
Total Federal Program Revenue	<u>\$5,725,467</u>
